Professor Sumner Cotzin - *In Memoriam*
1919-1990

This past January, Assumption College lost a dear member of its community. Dr. Sumner B. Cotzin, Professor Emeritus of Mathematics and Chemistry passed away as a result of heart failure.

Dr. Cotzin will be remembered not only as the founder of Assumption's mathematics program, but for the compassion he showed to those students facing difficulties in math. Dr. Cotzin spent a great deal of time encouraging these students and offered them extra assistance out of class.

His sensitivity to students problems in Mathematics inspired him to develop a Mathematics Lab. In this Lab, math majors tutor their peers who find math a struggle.

Assumption has suffered a great loss with the passing of Dr. Cotzin. Not only was he a dedicated member of the Assumption faculty but he was an asset to Assumption College as a whole. Dr. Cotzin's patience, understanding and devotion will be remembered and missed by all who had the pleasure of knowing him.

Professor Marion - Retiring

Dr. Raymond J. Marion, Professor of History is retiring after forty - four years of teaching at Assumption College. When asked to reveal his fondest memories, Marion explains, "No particular year stands out to me. Every year is always exciting. Monday is my favorite day of the week. It's another week of meeting students. It begins a week of excitement."

What will Dr. Marion miss most—Assumption students. "Students have the ability to find good in (professors)," Marion explains. "They make criticisms, but they are encouraging. Students are both givers and receivers. What they give to us makes us better teachers."

Dr. Marion's message to the class of 1990 has been passed to him from Fr. Armand Desautel, Marion's former teacher and a past president of Assumption College. Marion states, "This is the only life you have. If you constantly wish to live at a different time or place, you are wasting time. Your life will be as exciting as you want it to be. We are the heros and heroines of our generation."

Marion encourages graduates to have faith in their Assumption education. "Do not be afraid of those from better known universities. You will be able to hold your own with anyone and meet the challenges that face you in the world. You can compete and do well."

Dr. Marion is retiring as full time professor, but will remain Historian to the college, a position he has held since 1985. Dr. Marion will continue as Professor Emeritus for the History Department.

Professor Green - Retiring

Dr. Joseph G. Green Jr. will be retiring from his position as Professor of Sociology and chairperson of the Department of Sociology after 29 years of teaching at Assumption. Although Dr. Green is retiring as a full time professor, he is looking forward to teaching part time. The lighter class load will allow him to enjoy his classes even more. "I will be teaching one class in the spring and one in the fall. Teaching from here on will be a very enjoyable experience."

While reviewing the past years, Dr. Green is reminded of certain students. "Some students were particularly impressive because of their motivation, seriousness and general ability. When motivated, students show their hidden resources talent and ability. These students stand out as bright lights.

Dr. Green has enjoyed many pleasant experiences while at Assumption. Many of these memories are centered around Assumption graduates. "It has been really a pleasant experience to meet Alumni who have left Assumption and experienced the world for a while. What I observe is that students really mature during the one-two years after graduation The maturation process is a joy to see. Being confronted with a mature young person makes me feel good. It shows that Assumption has done alot of good things."

Dr. Green is quick to state that Assumption, both professors and students have been of great benefit to him. "Association with fine people has enabled me to grow as a human being," Green explains.

World's Fair

February 7, 1990, "The World's Fair" was held in the Campus Center Lounge. The event was sponsored by the International Students Organization (ISO). The fair was organized under the direction of Dadi Fridricksson, ISO president.

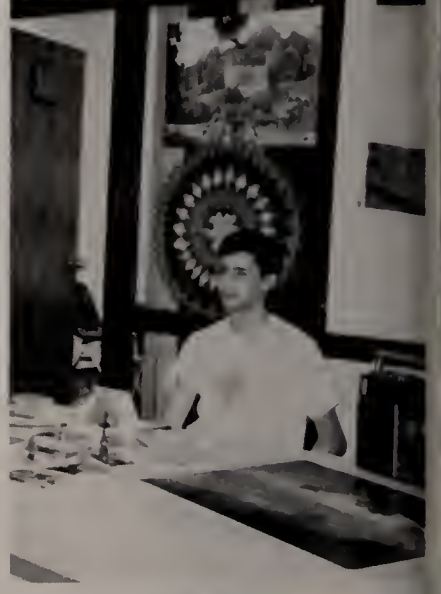

The fair was comprised of fourteen tables representing foreign countries and Puerto Rico. Highlights of the fair include: artifacts from different countries, food samples from Iceland, the Philippines, and Lebanon. In addition, eleven VCR's played videos obtained from the Tourist Bureaus of several foreign countries.

According to Fr. Claude Grenache, Coordinator of Multi-Cultural Education, the fair was a great success. "The World's Fair rekindled pride and self-esteem in many students involved," Fr. Grenache explained. "It reinforced community relationships among the foreign students. Fr. Grenache believes that the entire college community benefitted from the event. "The World's Fair spurred in students an awareness of the diversity on campus and the number of foreign countries that are represented."

S.A.D.D.

In October 1989, the first S.A.D.D. Chapter was founded at Assumption College. The S.A.D.D. Chapter went into effect during Alcohol Awareness Week. There were several events scheduled during this week aimed to stir the students' interest in this new organization.

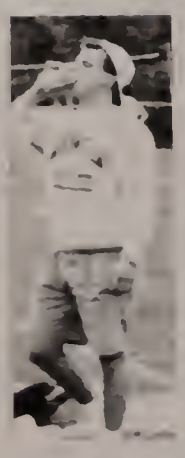

S.A.D.D.

The week began with a volleyball tournament. The turnout of this tourney was phenomenal! Other events were the Comedy Night, Improbable Players, and a Reggae band; and James Sokolove spoke to students on the matter of driving drunk. Overall the week was a success. The founders of the S.A.D.D. Chapter, John Higgins, Tim McGrail, Amy Ciccarelli, Gina-M. Pasquariello, and Willy Anastas wish continued success for the organization!

We support today's youth and tomorrow's future!

Congratulations to Assumption College Class of 1990 from Child World. Best wishes for a successful future!

Child World

Parents Best Wishes

Congratulations to the Class of 1990.
Mr. & Mrs. Peter J. Hayes

To Lori Reguin:

Success

To laugh often and much; to win the respect of intelligent people and affection of children; to earn the appreciation of honest critics and endure the betrayal of false friends; to appreciate beauty, to find the best in others; to leave the world a bit better, whether by a healthy child, a garden patch or a redeemed social condition; to know even one life has breathed easier because you have lived. This is to have succeeded.

Congratulations, we are very proud of you!!!
Love, Mom, Dad, & Amy
